To print this report select: **School Class Summaries**

### What is special about this report?

- The first part shows summaries for each class.
- The last part shows the summary for the school. However, if you use the **Teacher** parameter and select specific teachers, the last page will be based only on the teachers you selected. This could be useful if you want to see a summary for a select group of classes.
- The District School Summaries version works the same way. The first section shows summaries for each of the schools. The next section shows the summary for the district.
