Analyze the Results

A comprehensive item analysis is available in addition to a large variety of charts, graphs, and lists to provide everything a teacher needs to help target classroom instruction. And, TestWiz's state-of-the-art technology enables users to filter by sub-groups, cut scores, and teachers. The database stores unlimited tests and results can be viewed for multiple assessments on one report. Users can print reports in PDF, Word, or Excel. TestWiz is designed with teachers and curriculum folks in mind. Access is online.
